Peer Review Table BAB 2-4-13.docx
Potential text changes from comment responses.docx

Hi Glenn, Jeff, and Kate,

Ralph sent me his responses after I'd already gone on Friday. I transferred them to the table file and have attached the updated version.

I have attached a second file that has Ralph's comments which either may or do require text changes (if not already done) in the revised chapters. I've included these comments in the peer table file, but they're a little easier to find in the second file and it might be easier for passing along to authors for making changes.

Phil - I've included you on this email so that you have that, as at least a couple need some text modification in Chapter 6.

Thanks,
Barb
